SUPER

EFA

Essential Fatty Acids

E.F.A.'s are lacking in most normal low calorie diets

Essential: must be ingested. Your body cannot synthesize them on it's own.

A combination of Omega 3 (Salmon), Omega 6 (Vegetables) Omega 9 (Soy Bean) and Acids are needed to reach their potential

Dosage:

Up to Three (3) Daily
Space Them throughout the Day
Best if taken after a Meal 20 minutes
